Director Moore from Partner: University of South Carolina (USA) Visited NTNU

On May 23, the Director for Admissions of The Graduate School at University of South Carolina (USA)--Dale Moore visited NTNU and was received by Director Liang from Office of Int'l Affairs, discussing the possibility of establishing Dual Degree Program. It is known that Taiwan students are offered with "in-state" tuition as the State of SC has an academic agreement with Taiwan, which is undoubtedly a benefit to the students.
